**The Convenor,
Govt. ITI for Boys,
Ananthapur.**

Sir,

Sub: Showing Cause for admission 2023 – 25.

Ref : Show cause Notice FileNo. LAE02-11034(31)/2/2023-I SEC-COET.

Here in I am submitting the reason for admission below 20% . As we have zero admission in Fitter trade so this was de – affiliated by DGET from 2023 admissions. We have only Draughtsman Civil and Electrician trades. In these trades we have admitted trainees. The scenario of seekers to join in ITI after covid has become a challenge to the institutes. The overall percentage of interested or enquiries have come to very meagher and dropping down year by year from covid. Covid remains bread winners of many a family to lose their lives, which in turn forced the young survivors to go for even petty jobs, resulting in a drastic drop down of admissions in the institute. We are implementing a strategic process of giving counselling to the youth groups at different sectors of workplaces and enriching them with the knowledge of better possibilities after ITI graduation at public, private sector inland & abroad as well. We assure that these efforts will be fruitful & will have complete admissions in the coming year.

This is for kind information.

Thanking you.

Yours faithfully,
